[Return of the Lagonda super-saloon](#)

Lead

It's back. In 2015, the Lagonda nameplate will once again be worn by a high-performance, luxury four-door, and will "draw inspiration from the highly sought-after William Towns-designed Lagonda of 1976"...

The new [Lagonda](#) will be built in a strictly limited series and will only be offered for sale in the Middle East.
