Lot sold	USD 0 GBP 0 (listed)	Lenkung	Links
Baujahr	2008	Zustand	Gebraucht
Losnummer	643	Standort	
		Außenfarbe	Sonstige
		Automobiltyp	Sonstige

Beschreibung

Dax Cars have been established for over 20 years in Harlow, Essex. During this time they have established a reputation for being one of the best component car manufacturers of AC Cobra Replicas, particularly their '427' or Tojeiro model with a small block Chevrolet V8.

This car is a Dax Tojeiro finished in stunning Electric blue with the classic double white stripe combination. Powered by the iconic Chevy small block 5.0 litre Edelbrock engine, it is mated to a 5 speed manual gearbox. These combine to produce close to 350bhp and enormous amounts of torque!

It was built in 2008 by Dax using their highly regarded composite body. Inside the "Cobra" can be found beautifully finished grey leather dash and seats, a Motolita wood rim steering wheel, harness seatbelts and polished twin roll bars. Ten spoke Halibrand style wheels with spinners plus the trademark Cobra stainless steel side-pipe exhaust complement the exterior perfectly - all giving the car a low, wide, and purposeful stance. This car further benefits from the addition of a removable hardtop - this truly sets this car apart and looks fabulous in matching colour to the rest of the car.

Purchased by the current vendor after only covering 870 miles, this stunning example still shows a mere 880 miles from new.

Included with this Lot is the unique registration mark AC08 RAG (A COBRA G).
