One of the all time great sports cars, the Porsche 911 has become a legend on both road and track during an illustrious career spanning over three decades and is perhaps the most timeless design ever seen in motoring history. Over the years the monocoque 911 with its independent torsion bar front and trailing arm rear suspension, and superb air-cooled flat-six cylinder engine, grew in engine capacity and power, and its derivatives remain dominant in competition. Today as then the 911 is a powerful force in modern production based racing classes as it is in the historic classes of racing. Coys are very proud to offer this stunning, early 1965 Porsche 911. Very few of these desirable early

911s with the short wheelbase survive today, and needless to say a 1965 car is eligible for a plethora of both road as well as race events. Fir
