Woodstock

Oxfordshire OX20 1PX  
Saturday 18th July 2009

Registration Number: YSG 501 Chassis Number: 860017

One of the greatest post-war sports cars, Jaguar's E-Type made immediate headlines on its launch in March 1961. A direct descendent of the C and D-Type models that so dominated Fifties sports car racing, its 3.8 litre twin cam engine produced 265bhp and was mated to a Moss four-speed gearbox. Beneath the beautiful William Lyons/Malcolm Sayer-styled body, available in coupe or roadster form, the steel monocoque chassis

sported all independent suspension mounted on detachable subframes, using double coil springs/dampers and swing arms at the rear with torsion bars and wishbones at the front. Brakes were discs all round, mounted inboard at the back.

Chassis 860017 is, as you would expect, the 17th car to roll off the Jaguar production line and is one of the earliest examples on the road today. Originally regis
