Registration Number: JGA 724 Chassis Number: 660517

It was at the 1948 London Motor Show that Jaguar virtually threw the sports car world into turmoil with its stunning XK120. Here was a car with incredible style and looks, a powerful six cylinder engine installed in an outstanding chassis and a remarkably low price - a quarter that of a V12 Ferrari with similar performance. The combination was unbeatable and without doubt the XK120 was an absolute milestone for both Jaguar and the motor industry as a whole. XK120 orders flooded in, ironic as it was designed as an interim model to publicise the XK engine for the new Mk VII saloon - Jaguar had only

planned to produce around 200! At the heart of the William Lyons styled roadster was that all-new 3,442cc twin overhead camshaft XK engine, producing 160bhp via twin SU carburettors - sufficient for 126mph and 0-6
