On its 1961 Geneva Show debut the E-Type caused a sensation, with all the promise of its looks confirmed by independent road test results that not only recorded a 150mph top speed, but also 0-60mph and 0-100mph in 6.9 and 16.2 seconds respectively, fast indeed, and the match of any exotic thoroughbred then available, combined with superb road-holding and remarkable docility. One of the greatest post-war sports cars, Jaguar's E-Type made immediate headlines on its launch in March

1961. Here was a sleek and beautiful 150mph car with a competition pedigree that could be bought for just over £2,000 almost half the cost of an Aston Martin \*or\* Ferrari. A direct descendant of the XK120 and competition C and D-Type models that so dominated fifties sports car racing, the E-Type shared its 265bhp 3.8 litre twin-cam
