SALE TO THE BENEFIT OF MCNAT CHIRURGIE CARDIAQUE
GIFT FROM DS BRAND

This concept, like the previous one, is the result of a team up between the Centre de Style DS and Ines de la Fressange Paris, a free spirit stemming from fashion who has brought her experienced eye to the choice of graphics, materials, and colours. The style is strong and thought-through in every detail. DS 3 Cabrio, also a unique piece, is adorned with a shiny Perla Nera black hue highlighting the Bleu Infini matt roof combined with a Bleu Infini canvas. This model is also punctuated with " Rouge Ines " outside mirror. The car features a new Signature Lumineuse, superb 17" Aphrodite diamante

rims and Bleu Granit grained leather seats of exceptional quality underlined with discrete white topstitching.

DS Brand has donated this unique car to M,c,nat Chirurgie Cardiaque that is selling it to raise funds for its charity work.

The car is sold without buyer premium. The whole amount will be given to the charity.

The Centre de Style DS and Ines de la Fressange Paris collaborated together to imagine two unique and attractive car Concepts, one based on a DS 3 and the other based on a DS 3 Cabrio. The DS Brand has donated these two cars to the association M,c,nat Chirurgie Cardiaque Enfants du Monde, which in turn is selling them to raise funds for its charity work. Founded in 1996 by Professor Francine Leca and Patrice Roynette, M,c,nat Chirurgie Cardiaque allows children with heart defects and originating from developing countries with lack of technical and financial means, to have heart surgery in France. The average total cost of care of one child is ?12,000. Since the association was founded, more than 2,500 children have been treated exclusively with the help of private funds.
