Beschreibung

Originally a vehicle imported from the United States to Germany a few years ago, this 965 Turbo left the factory in a very beautiful completion of red exterior over beige interior. Car was very well cared for, with proper servicing done at Porsche specialists in Poland, and has a very low mileage of c.a. 59 000 miles. Last year the vehicle underwent a full body restoration on original parts and received a new paint job of excellent quality.
