Beschreibung

French title

Chassis # C25476 (on the title)

Engine No. B4032PB

- Rare and original car
- Excellent quality of workmanship
- In impeccable condition
- No reserve

This car is distinguished by the originality of its special wooden body, like an American "woody". The workmanship is of nice quality and seems to be local as the body it carries the plate reading coachbuilder Danos, from Aurignac, while the dashboard displays the name of Augustus Caussade, who was himself a baker in the same town! It is an all-purpose estate before its time, with a bench seat in the back and a rear panel opening in two parts. The car was fully restored by Andre Trigano's team and comes in a beautiful condition. Everything has been redone, from the woodwork to the mechanicals, with new brown leatherette upholstery inside. The title indicates a first registration in 1929, but the exact type is difficult to determine.

The car on offer is a very beautiful and unique representative of the know-how and inventiveness of local coachbuilders.

Please note that some cars may have undergone body or mechanical repair work between the production of the catalogue and the viewing, so please feel free to contact us for further details.
