### Beschreibung

Ford finally entered the mini-car market in 1976 with the launch of the Fiesta. The model proved an unqualified success right from the word go and the sporty 'S' models and XR2 models are now considered very collectable amongst Ford enthusiasts. Whether as your first car or your grandmother's shopping companion, the Fiesta holds a special place in the hearts of millions of car enthusiasts.

This 1.4 S Fiesta has covered just 22,201 miles from new and is presented in superb condition. Offered without reserve, cars in this remarkable condition are certainly few and far between and we urge all fans of the legendary Fiesta to come and see this car in the flesh. The brilliant white paintwork presents very well, the interior is hard to fault, the engine bay is extremely clean and the whole car retains a highly original feel.

The mileage is supported by nearly all previous MoT certificates along with the original book pack. With three previous owners from new and fresh from a recent major service, we can think of no better way to relive your youth!
