\$ 40,000 - \$ 50,000 US

Beautifully presented throughout, this Chevrolet pickup truck received a ground-up restoration that was completed in 2014. The platform was rust-free at the time of restoration and this has resulted in the body looking fantastic in a deep maroon color that is highlighted by exceptional brightwork details and finished natural wood on the bed side extensions and bed floor.

The truck is powered by its rebuilt Thriftmaster 216-cid inline six-cylinder engine that is mated to a floor-shift three-speed manual transmission. The interior is new deluxe black vinyl and the highly varnished bed has stainless steel securing strips. The Chevrolet also displays new trim rings, new hubcaps, new wide whitewall tires, new chrome (including grille), optional outside drivers mirror, cabin heater, foglamps and twin taillights.
