Beschreibung

Towards the end of Type 996 production, and with the new 997 just over the horizon, Porsche announced a more powerful Turbo - the 'S' - which had a mighty 444bhp and 457lb/ft at its disposal, figures rivalling those of the fearsome GT2. With a top speed knocking on 200mph, the Turbo S well deserved its inclusion in the supercar ranks. The current vendor purchased this Turbo S from the Roland Hall dealership in Gerrard's Cross, Buckinghamshire with only delivery mileage recorded. Since then the car has formed part of his large private collection and been serviced by RW Autos of London SE1. In recent years the Porsche has been stored at Roger Bennington's Stratton Motor Company, and has covered only some 14,000 miles from new. Offered with its original book pack (including service booklet), original tools, current MoT, and V5C document, this beautiful Turbo S represents a rare opportunity to acquire one of these exclusive, last-of-the-line Type 996 models that can only become increasingly collectible.
