Beschreibung

Make: TVR

Model: Chimaera 400

Year: 1996

This unit is a Chimaera 400 with specifications of 450 where the engine grants 285hp instead of the 240hp that the Chimaera 400 would have. The car was released in the UK and was sold by Broughtons in 1996 with the RHD version (right hand drive) and the original Old Silver colors on the outside and Anglia Blue on the inside. When its second owner acquired it, we transform it into LHD (left hand drive) in our workshops. It was registered in Spain with its corresponding service.
