Monaco registration papers

- A magnificent specimen of this breed
- An iconic model from the turbo era of the 1980s
- A real competition car for road use

With its white paintwork and black bumpers and matching stickers, our R5 Turbo 2 has superb livery that is both chic and sporty and is characteristic of its model-year, since white was only added to the catalogue in 1984. This external appearance, completed by splendid brushed alloy and black wheels, is combined with a light beige velvet interior with aluminium pedals. All cosmetic aspects are excellent. The bodywork has been restored and repainted. As the owner wished to retain the original Turbo 2 stickers on the doors, these panels have not been repainted. The files show that in 2013 the interior was comprehensively refreshed and that in 2015 the suspension was tested on a rolling road

and proved to operate correctly. The car has had a complete mechanical overhaul in 2015 to bring all components up to scratch. We therefore have on offer a very fine example of a model produced in limited numbers. The recorded distance, which is certainly genuine, is a little less than 100 000 kilometres (62 000 miles). The car is waiting to make you smile as soon as you get behind the wheel.

This car will be sold during the auction car sale organized by Claude AGUTTES Auction, which will take place in Lyon, France, on 1st July 2018.
