### Beschreibung

Only 497 European versions of this model were ever produced. The car on offer is a Swiss delivered example with its first owner, a Mr. H.J Marschall, a founding member of the Ferrari Club Switzerland. He regularly used his Ferrari for 30 years before selling it to its second keeper in 2005. The GTC/4 has covered a mere 82'000 km. It is "matching numbers" of course and has the all-important Ferrari Classiche certificate as well as the original tool kit. There is ample documentation of service work performed with recognized Ferrari specialists since 2005. Very good, fast and very original 365 GTC/4 with an honest patina. The last Swiss MOT (incl. veteran status) was performed in March 2015.
