Beschreibung

ALFA ROMEO 75 TWIN SPARK (1989) CHASSIS N° ZAR162000*06134185, ENGINE: 4 CYLINDER DOHC, DISPLACEMENT: 1962 CM3, POWER: 149 bhp, BODY: SALOON, GEARBOX: MANUAL, DRIVE: LHD, A "TWIN SPARK" ALFA AS GOOD AS NEW

The Alfa Romeo 75 was launched in 1985, during the 75th anniversary celebrations of the Marque. Development budgets being tight, the 75 had the same glasshouse and doors as the previous Giulietta, but with a generous two litre engine of almost 150 horsepower, twin ignition, Bosh Motronic fuel injection, multiphase distribution and De Dion rear transaxle, it was technologically very advanced, and surely the sportiest two litre saloon available on the market. This particular 75 has been professionally prepared and is as good as new. An LPG fuel system has been dismantled and everything brought back to stock condition. This vehicle is in excellent mechanical condition but for safety reasons, we advise the purchaser to check its fluids, filters and perishable elements.
