Zahl der Sitze	2	Kraftstoff	Benzin
Antrieb	Zweirad	Außenfarbe	Gelb
		Automobiltyp	Cabriolet / Roadster

Beschreibung

A outstanding replica of Allan Grant's Coventry Motors Racing-Cobra! The car was carefully built on the basis of a Kirkham aluminium body, using a tubular chassis and adjustable racing suspension components. Powered by a stroked Ford 347 cubic inch V8, fed by four Twin-Weber carburetors and delivering about 400 hp, the Cobra with a 5-speed transmission and weighing only 880 kg is indeed a seriously fast piece of kit! The car is in outstanding condition, with UK documents and Swiss customs clearance 13.20. Just make sure the front wheels point straight ahead before flooring the throttle!
