Antrieb	Zweirad	Automobiltyp	Cabriolet / Roadster
		Markenfarbe außen	healey blue over white
		Metallic	Ja

Beschreibung

For sale is this 1962 Austin Healey 3000 MK2 in perfect restored condition

It's not very often that we get such a proper restored, sharp driving, and so well equipped healey as this one!

Build in march 1962, and shipped to it's first caretaker in Boston USA.

A dutchman purchased the car in 2002, and started a full body off restoration that took a couple of years. the car was in fantastic original condition

with a rock solid body and perfect shutlines. the complete proces was captured in more than 350 pictures, and the result was stunning!.

luckily the owner decided to give it it's healey blue over white colour combination with blue interior and softtop. this was also the colour when the car left the factory.

engine and gearbox are matching, the latter recently overhauled by dutch specialist Von munching. The factory original hardtop is a rare and very nice option.

Do you fancy a rally look with the hardtop, lucas lights and open grille?, or do you prefer the original appearance with the chrome grille and softtop? with this car it is all possible! aluminium sidescreens and tonneau cover off course included. as wel as heritage certificate.
