Baujahr	1965	Zustand	Gebraucht
Chassisnummer	SL70/6	Standort	
		Außenfarbe	Sonstige
		Automobiltyp	Sonstige
		Markenfarbe außen	Blue w/ white stripe

Beschreibung

We are pleased to offer this rare, early Lola T70 Mk1 chassis SL70/6 for sale on behalf of its current, long-term owner. To many, the Mk1 - being the first iteration of the famous Lola T70 line - is still the purest in design. With only 15 T70 Mk1's made and all of them being accounted for, these cars are sought after and front running in the pre-66 historic racing scene. The history of SL70/6 is listed below in the history section. Most important is that its history is continuous from new, its chassis plate is genuine (rare!) and SL70/6 has no "stories" whatsoever. The car is offered for sale in excellent condition and it has always been maintained by Martin Stretton Racing Ltd. with no-expense-spared for the current owner. As the car has not run for a few years now, it will need going through, crack testing and installation of a new fuel cell, fire extinguisher and belts upon which it is ready to roar again! The engine is a strong 5.7 litre Tim Adams SMB Chevy with only about 10 hours running and the Hewland LG-500 gearbox is in excellent condition. SL70/6 also benefits from an accusump anti-oil surge system and comes with a set of spare wheels and a current 2016 FIA HTP. This ex-Mecom Lola T70 Mk1 is eligible for all pre-66 sportscar racing including Masters, CER, the Goodwood Members Meeting as well as the Goodwood Revival. ...
