Zahl der Sitze	2	Kraftstoff	Benzin
Anzahl der Türen	2	Außenfarbe	Blau
Antrieb	Zweirad	Automobiltyp	Coupé
Innenausstattung	Leder		

### Beschreibung

This is a special example of a very rare 1962 Porsche 356B Notchback. It has been expertly restored and rebuilt by Real Steel Coach Builders, with absolutely no expense spared.

Finished in original Porsche colour Aquamarine and with a completely brand new tan leather interior, this car only looks better than the photos in the flesh.

Originally a US car, the original Porsche engine has been completely rebuilt and runs perfectly, matching the factory designation with the VIN.

Please no time wasters, this is a collectors car that has huge capital upside.

I have all the receipts and photos of the work completed and the car can be viewed in person in Canberra.
