FOR SALE; FERRARI 16M SCUDERIA // GRIGIO SILVERSTONE // CARBON FIBRE PACK // FACTORY STRIPE

EQUIPMENT

Factory Italian racing stripe, Carbon exterior pack, Carbon racing seats, Carbon interior pack, Red alcantara dash, Red alcantara seats with black insert, Yellow brake calipers, Carbon ceramic brakes, F1 semi-automatic gearbox, Bluetooth, JBL speakers, Electric hood

EXTERIOR

The spider variant of the Scuderia has aged very well, it's dramatic and athletic design is truly outstanding in Grigio Silverstone with no evident chips or marks it still presents with a magnificent

glow.

Offsetting the paintwork there are a number of considered styling additions with a factory racing stripe, liberal use of carbon fibre to both rear diffuser and the rear grille surround sporting a prominent 16 World Championships badge. The carbon offset continues with the roll hoops, which do well not to interrupt the roof line, mirrors and even the inside of the headlights treated to the weave. The glass rear engine cover is scratch and craze free, an open window into the 503hp masterpiece.

INTERIOR

The exotica continues aboard this beautifully appointed cabin with swathes of carbon fibre elegantly draped with premium red alcantara to bring a sense of warmth and luxury to the performance orientated space. The carbon racing seats are the perfect balance of style and substance whilst still proving supreme support and showing minimal signs of wear.

ENGINE & TRANSMISSION

Powered by the same 503bhp version of the 4.3-litre V8 found in the Scuderia, there has been an extra tweak in the form of redesigned pistons with 80 per cent of the engine's torque now available from just 3000rpm.

Beautifully presented in a nest of carbon fibre, the sound of this V8 is entirely unique once the resonators in the intake manifold are switched - totally intense and a very special experience with the top down.

WHEELS, TYRES & BRAKES

The lightweight 19" satin grey alloys are in perfect cosmetic condition, providing a subtle but defined contrast from the coachwork above.

The ceramic brakes are just incredible on this 16M, immediate bite and total confidence stop after stop, emphasised further by the matching Michelin Pilot Sport tyres.

HISTORY FILE

This fantastic Scuderia Spider spent most of its life in Dubai before being exported to the UK by its current owner in 2018. Throughout its life this 16M has enjoyed ongoing support from the main dealer network on 7 occasions to date.

Service History:

This vehicle is also presented with its original service book, presentation pack and 2 keys.

The manettino is again the focus of the driver with settings to transform the bite and feel of 500hp transmitted to the road. Pleasingly the carbon fibre door cards and entry sills retain a deep lacquer free of scratching or marks whilst the switch gear remains tidy and clear. The electric hood functions quickly and smoothly with no tears or marks.
