### Beschreibung

This Rover 2600 Vanden Plas (SD1) is finished in a light blue metallic paint with a gray fabric interior. The Rover was built in 1985 and is equipped with a 2.597cc 6-cylinder engine and a manual gearbox. It is a 5 seater. Given the state of the Rover, the mileage reading of 30,378 km seems plausible. This copy of the 2600 Vanden Plas is equipped with a sliding roof, leather steering wheel, electric window controls and light-alloy wheels. Both optically and technically this Rover 2600 is ready for the next enthusiast! To get a good impression of the car we advise you to come to one of the viewing days.

This car will be part of an online auction from our location in Uithoorn. Bidding starts at € 1.000,-. There will be two viewing days in Uithoorn.
