Anzahl der Sitzplätze	1	Farbe	Sonstige
Leistung	209 BHP / 212 PS / 156 kW		

### Beschreibung

We're confident that the 1299 Panigale R Final Edition will go down in history as the ultimate expression of the marques v-twin superbike and with only 1299 examples made it is one of the rarest too.

With a specification that brings together the superquadro engine and titanium Akrapovic exhaust from the 1299 Superleggera, chassis from the Panigale R and the electronics package from the 1299s, this has to be the one to own.

The Final Edition also adds to the drama with its unique Tricolore livery.

Standard specification includes Brembo M50 monoblock calipers with cornering ABS, fully adjustable Ohlins NIX30 forks & TTX36 rear damper, aluminium single-sided swingarm, Marchesini forged rims, up and down quick-shifter, TFT dashboard and the full suite of rider electronics and modes.

This bike is a well cared-for example with 2 previous owners and has covered only 249 miles, at which point it was put into a private collection.

The bike is supplied with 2 keys, all owners books and all the additional parts supplied from new. This is a great opportunity to own of the most desirable limited production Ducati superbikes that will go down in history as the last of the big v-twins.

Low rate finance and nationwide delivery available.
