A dream for the collector or enthusiast

Options Include:

Chrome wire wheels

Leather seats

Wood rimmed steering wheel

Left and right hand outside mirrors

AM/FM CD stereo with AUX connectivity

Considered by many to be the quintessential British Sports Car, the Jaguar E-Type's unveiling in 1961 caused a sensation both with the press and in the public eye. Admirers came from all walks of life; even Enzo Ferrari referred to it as "the most beautiful car ever made". Beneath its gorgeous looks was a revolutionary sports car with rack and pinion steering, fully independent suspension, and four wheel disc brakes with inward rear rotors. All of this was propelled by the already proven performance of the XK engine. The Series II E-Type was released in 1968 and continued the trend of strong performance and handling mated with an iconic shape. Improvements were plentiful and included an increased grille opening to aid in cooling as well as a more refined interior that satisfied even the sportiest of drivers. All Series II E-types featured the larger 4.2 litre engine, which was good for over 240hp in U.S. specification. With further refinements, proven performance and stylish lines, it is no wonder why examples have become highly sought-after by classic Jaguar collectors and enthusiasts.

The 1969 Jaguar E-Type Series II Roadster featured here is finished in the stunning color combination of Opalescent Silver Blue metallic over a Royal Blue leather interior and black folding convertible top. This particular example has only had two owners from new and was just released by the second California owner, who restored and meticulously maintained this example for nearly 50 years! During which the E-type regularly participated in local and regional judged events for the Jaguar Club North America. Nearly 30 years' worth of JCNA judging sheets document over 20 driven class wins, while an incredible amount of service records and invoices date back to 1989! In 2013 producers of the popular streaming series Comedians in Cars Getting Coffee, hosted by comedian and car enthusiast Jerry Seinfeld, borrowed this E-type for the filming of the Season 2 premiere with guest Sarah Silverman. Mr. Seinfeld made sure to pass along to the Jaguar's long term owner that the Opalescent Silver Blue E-type was his favorite car the production had borrowed thus far and a photo of the car with Jerry signature still accompanies the car today! In February 2018 the E-type specialists at Classic Showcase in Oceanside, California performed a \$9,000 service ensuring that this E-type performs as well as it presents. Additional documentation accompanying the Jaguar includes the owner's manual, California blue plate, Jaguar Heritage Certificate and more! We are extremely proud to offer this wonderful 1969 Jaguar E-Type Series II Roadster (with incredible provenance) to the most astute collector, investor or enthusiast who appreciates the performance, handling and design of these iconic British sports cars. Ready to make an investment that you can actually enjoy? Classic cars have proven to be among the most resilient and rewarding investments in recent years with the Historic Automobile Group Index (HAGI) jumping 39% in 2013, 16% in 2014 and 17% in 2015 while posting gains of 467% over the last 10 years. Please contact one of our expert sales consultants for more information. They will be happy to give you a complete walk-around, supply you with a more detailed description and answer any questions you may have. Buy with confidence.
