Anzahl der Türen	2	Automobiltyp	Cabriolet / Roadster
Leistung	408 BHP / 414 PS / 305 kW	Markenfarbe außen	Pure Blue
Antrieb	Zweirad		
Innenausstattung	Leder		

### Beschreibung

Widely considered to be the ultimate open-top incarnation of the 997 family, the Porsche Speedster is based on the 997.2 GTS cabriolet base, combining a stunning retro-modern shape, solid performance and rarity into a very collectable package. Presented in 2011 and built in only 356 samples, it was the third production 911 Speedster made, preceded by the 930 and 964 generations, and inspired by the iconic 356 of the 1950s. Fitted with the 408 hp "Power Pack" version of the 3.8 Litre engine, it was equipped with the wider rear hips from the Carrera 4 and Turbo models, as well as unique "Fuchs-Style" alloy wheels, PCCB Carbon ceramic brakes, PDK transmission and the Sport Chrono Package. This example is a single owner Italian vehicle, delivered in June 2011 and finished in the beautiful Pure Blue color over black leather interior. With only 36.300kms from new, this car comes in very

good condition, alongside manuals and service book history.
