Beschreibung

DS TECHEETAH is competing at the forefront of innovation in the ABB FIA Formula E series, the only all-electric powered single-seater racing series in the world. DS TECHEETAH is owned by SECA - a leading Chinese sports marketing and management company, and with the DS Automobiles partnership, they embody the French know-how of luxury, outstanding heritage and avant-garde spirit. And they're not merely competing, given that the team has won the Drivers' and Teams' titles for the past two seasons. Featured on the poster are the Winning Drivers from the 2018-2019 and 2019-2020 seasons: Jean-Éric Vergne and António Félix da Costa.
