Trade-in car. We have an original European supplied Maserati Merak 3000GT as a good solid, restoration base. This 1974 Maserati Merak 3000GT has stood still for some time now but none the less provides a great starting point for a thorough restoration. The bodywork is mainly in good shape. The panelwork is overall sound with correct shut lines. As the car has been garaged over the last years it has no structural rust. The stands proudly on 7.5J 15 inch Campagnolo rims. As it is currently a non-runner it definitely needs a major service and possibly being partially overhauled. During a restoration it will also benefit from a re-spray. The interior trim is all there and in all likelihood needs nothing more than a thorough deep clean. In short this is a fantastic solid base to extensively restored this Maserati Merak to the car of your dreams.
