EXTERIOR

Audi have forged a unique reputation in creating performance estate variants and with the B7 they remain true to form with deep sills, wide arches and huge road presence. Factory ordered in a rare shade of Deep Green Pearlescent this particular RS4 looks sensational, flickering between a glorious green and intense black as the metallic flake catches the light. Matte aluminium cabin surrounds, roof rails and mirrors contrast the dark green paintwork perfectly; with a clean and bright finish they remain smooth to touch, free from any signs of fading.

With just 1 previous keeper and 49k miles on the clock its no wonder this example presents in exemplary condition; with nothing more than a few isolated stone chips to the front end all signs point to careful and fastidious ownership.

INTERIOR

Offsetting the dark coachwork of the RS4, a set of deeply bolstered Recaro Sports seats finished in Silk nappa leather give the cabin a luxurious feel. Embossed with the RS4 emblem the present in fantastic condition, with some minor creasing of the drivers seat the only real signs of wear. Paired with a blend of aluminium/carbon fibre trim and a the trademark flat bottom steering wheel the interior still feels fresh despite being nearly 15 years old.

ENGINE & TRANSMISSION

Audi have been the go to for performance estates for some time now, and its the B7 that solidified their reputation in the field and remains a firm favourite in the lineage of past and present. Revving to over 8,000rpm the 4.2L V8 produces an addictive soundtrack with the performance to match; limited to 155mph it manages 0-60 in just 4.8 seconds thanks to its 420bhp output. Combined with a 6 speed Getrag manual gearbox and Audi's Torsen based quattro system its a fantastically capable, engaging driving experience.

With a comprehensive service history and such low mileage, its no wonder the mechanical condition of this RS4 is impeccable.

WHEELS, TYRES & BRAKES

The bright finish double spoke alloy wheels sit in excellent condition, free from and signs of curbing or fading, and are shod in an almost new set of matching Michelin Pilot Sport 4's

The Audi Brembo gloss black 8 pot brakes provide huge stopping power and having been treated to fastidious service intervals maintain excellent feel and performance.

HISTORY FILE

Delivered on 30/10/2006 by Docklands Audi, this incredibly specified RS4 remained under the care of its first owner for nearly 13 years and covered less than 46k miles in that time. The car was purchased by the current owner, another enthusiast, in 2019 and has covered just 3k miles since.

Servicing has been undertaken almost entirely by main dealers, with 6 of the 7 stamps in the service book from Audi garages, the most recent of which was at Walton Audi in July 2020 at 49,139 miles. Whilst at service the car was also subject to a full health check which it passed with no recommendations, confirming the fantastic condition of the vehicle.

As well as the stamped service book a folder of accompanying invoices is also present, as well a comprehensive online log of MOTs which verifies the cars low mileage.

Available with the car is the stamped original service book with supporting invoices, full Audi spec confirmation, V5 and 2 sets of keys.

Please visit our website for a full write up and additional photographs.

The car is supplied having had an extensive intake inspection. Warranty, Finance, Part Exchange and Worldwide shipping are all available on request.
