### Beschreibung

FOR SALE; PORSCHE 911 (964) 3.6 TURBO // MIDNIGHT BLUE METALLIC // UK SUPPLIED C16 RHD // 72K MILES

#### EQUIPMENT

Midnight Blue Metallic, G50 5-Speed Manual Gearbox, 18" Speedline Split Rims, Drilled Disc Brakes, Red Calipers, Classic Grey Leather, Electric Sunroof, Electric Adjustable Leather Sports Seats, Heated

Front Seats, Electric Windows, Air Conditioning, Alpine Head unit, Electric Mirrors, Front Airbags, On-board Computer, Dash Clock, Top Tint Windscreen, Power Steering, Rear Wiper, Headlamp Washer.

#### EXTERIOR

With its wide hips and whale tail spoiler of the 964 Turbo is a timeless and important piece of automotive artwork; marking a significant evolution of the Porsche brand the 964 captures their classic design, whilst incorporating the next generation of technology that paved the way for the future of the 911 at the time.

Finished in Midnight Blue it is one of the more popular Porsche colours which presents with a deep shine and metallic flake that glistens under our studio lights. Having covered just 72k miles from new this 911 presents very well; the paintwork shows with no discernible blemishes whilst the rubbers and trim all sit in excellent order.

#### INTERIOR

The interior of the 964 is simple but effective, with classic grey leather and matching carpets it adds to the smart and elegant colour scheme alongside the deep blue coachwork. The heated leather sports seats offer plenty of support and show with only light signs of wear, especially considering the car's age. Grey leather further stretches to the door cards and rear seats adding to the exclusivity and luxury of the model at the time.

A standard airbag steering wheel sits in front of the familiar instrument cluster. The rear bench appears untouched whilst the carpet set retains a deep pile texture and feel.

#### ENGINE & TRANSMISSION

The 3.6 shares the same KKK turbocharger, including the whale-tail-mounted intercooler, as the 3.3 but re-calibration increases maximum boost to 13.1 psi. An extra 300cc of exhaust gas blowing on the same impeller spools it up at lower revs, making full boost available at 3500 rpm. With resulting torque now spread evenly over the rev range the car is much more tractable; given the power is more accessible the car now feels quicker and more exploitable.

No expense has been spared in the maintenance of this engine; with 18 stamps in the original service book, the most recent of which was an engine out service in December 2020 at a cost of over £6,000.

#### WHEELS, TYRES & BRAKES

Speedline and Porsche, a beautiful relationship that began with the 17 inch CUP wheel available on the 964 RS. The wheel manufacturer went a step further with the 3.6 and then the 993 RS - split rims with a polished lip. This 18" set are in superb condition with no signs of lacquer degradation and the etched Speedline still clearly visible on each rim. Tyres are a matching set of premium Pirelli P Zero Rossos.

Red Callipers show through the spokes in good order, free from any fading or peel, whilst the discs and pads sit with no excessive signs of lipping or wear.

#### HISTORY FILE

Originally supplied by Porsche Nottingham on 01/08/1993 this C16 964 Turbo is 1 of just 33 UK RHD cars to be supplied that year. The service history file is truly comprehensive; there are 18 stamps in the original service book with a plethora of supporting invoices. Most recently the car was subject to an engine out service, on 22/12/2020 at 74,203 miles, with the invoice outlining works totalling over £6,000.

The original leather Porsche wallet, complete with the original book pack is also included with the car as well as 2 keys.

An exceptionally well documented and maintained example of one of Porsche's most iconic cars.

Please visit our website for a full write up and additional photographs.

The car is supplied having had an extensive intake inspection. Warranty, Finance, Part Exchange and Worldwide shipping are all available on request.

Buy with confidence: we operate from a 10,000sq ft indoor showroom with the support of a fully

functioning 4000sq ft preparation and service centre that includes a professional photo studio that is used by Top Gear, McLaren and Alpine Stars. We have a passionate team that work incredibly hard to ensure all our motor cars go through our rigorous and unique sales process so they are presented in the best possible condition and light, then found homes all over the world.
