Beschreibung

As one of only 1780 examples of the European edition with automatic gearbox built, this Munich stromer was delivered in France on the 29th December 1993 and first registered on the 14th January 1994. The car comes from a family ownership and the guaranteed 54'000 kilometres are reflected in the service booklet. In 2019 the air conditioning was serviced, and the front A-arms replaced for the upcoming MOT. This most elegant Coupé is in a very good and very original condition with the most recent MOT completed in June 2019.
