Beschreibung

This lovely AWD E30 with its automatic gearbox was delivered in Dachau (Germany) on the 3rd September 1990. The buyer had requested power steering, ABS, electrically operated front windows, seat heat, headlight washers and a ski-bag. In 2019, with around 56'000 km driven, the car passed to its second owner in Luxemburg. The BMW was properly imported but never registered there. In 2020 the car was eventually imported into Switzerland. With now 58'000 km showing and a cambelt replacement in 2016 at 55'300 km documented, the BMW is in good original condition and the most recent Veteran MOT was passed in December 2020.
