Beschreibung

This Ford A with RHD was converted into a racer in New Zealand many years ago. It is equipped with a dual carburettor, a special exhaust system, bucket seats and a barrel fuel tank. In 1987 the "A" was imported into Switzerland and carefully maintained ever since. After two Swiss owners, the Ford was bought by the vendor in 2019 and used for occasional outings. The car is in good to very good condition and the last Veteran MOT was carried out in July 2016.
