Beschreibung

This XK 120 roadster was delivered to Max Hoffman in New York on the 31st August 1954. After a number of US owners the car was imported into Italy in 1988. There the XK underwent a complete and thorough restoration. It then participated in a number of classic car events. The “matching numbers” as well as the original shade of color are confirmed with a Jaguar Daimler Heritage Trust certificate. A much coveted FIVA ID is with the car as is the Italian ASI document. During the Mille Miglia 2019 the XK received the honor of being accepted into the “Registro Mille Miglia”. This should virtually guarantee a future Mille Miglia entry. Currently period correct sports-seats are installed with the original seats supplied with the car. The roadster is in very good condition and drives impeccably. This wonderful Jaguar still has its Italian registration and to this day has not yet formally been imported into Switzerland.
