

# CLASSIC DRIVER

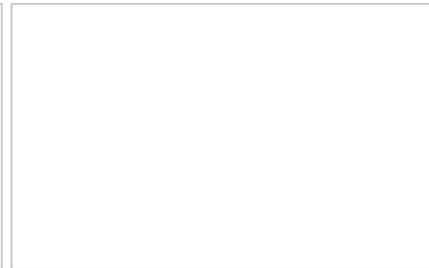

## Le Mans Classic 2004 - the countdown begins...

With just eight weeks to go before one of the world's premier historic motor-racing events, we now have a pretty definitive line-up for the event. Many of the cars and drivers that made the inaugural 2002 race such a success are there as well as a completely new, more modern class.

*Dr Ulrich Bez, CEO Aston Martin Lagonda Ltd, once again driving DBR1/2 with Peter Hardman*

*Ferrari 250GT SWB at speed exiting Tertre Rouge*

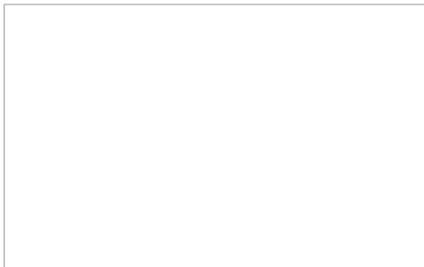

For those unfamiliar with the format it can be summarised thus; the maximum 366 car entry (+72 reserves) is divided up into six grids (or 'plateaux') by date, with the object of completing 3 races per grid within a 24-hour period starting at 16.00 on Saturday and finishing 16.00 Sunday. In 2002 the oldest cars (Grid 1, cars from 1923 to 1939) started the event, then Grid 2 (1946 to 1956) and so on until 18 individual races have been completed.

A major event at this year's race will be **Christie's Auction of Exceptional Motor Cars**, held on Friday 23rd July. The sale include no fewer than 6 former Le Mans competitors, full details of which can be found [HERE](#).

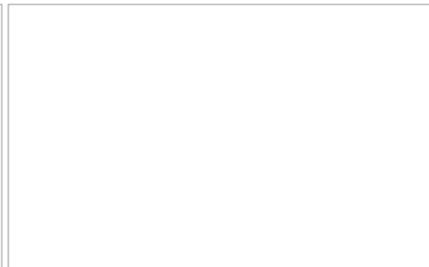

In addition to the racing, Owners Clubs are actively encouraged to put on displays - the meeting is supported by the FFVE and the FIVA federations - a large range of trade stands will be available, and there will also be an auction of classic cars and automobilia.

The dates for the 2004 event are 23/24/25 July.
