## Cannes Film Festival

23 May 2005 | Classic Driver

**Italian elegance and innovation abound in Cannes this week and Sharon Stone has chosen a Maserati Quattroporte for all her official engagements at the film festival.**

Style, design and passion have brought Maserati's flagship international acclaim with these qualities perfectly mirroring the personality of the American actress.

Sharon Stone joined Lapo Elkann for the amFAR Cinema Against AIDS Cannes Benefit at the Moulins de Mougins where they auctioned an Alfa Romeo Alfa GT as part of the \$2 million raised for the charity on the night.
