Performance Package for E 63 AMG

From March this year, Mercedes-Benz will be offering a special AMG performance package for the 514 hp E 63 AMG saloon.

It comprises various technical components which significantly enhance the handling dynamics, the motorsport potential and the individuality of this model.

Customers will benefit from the extensive motorsport know-how gained by Mercedes-AMG GmbH over the course of four decades. In Germany, the E 63 performance package is priced at 7,140 euros (incl. 19% VAT) and comprises -

- * 18-inch 5-spoke multipiece AMG alloy wheels, painted sterling silver, front wheels size 8.5 x 18 with 245/40 R 18 tyres, rear wheels size 9.5 x 18 with 265/35 R 18 tyres
- * AMG performance suspension with firmer tuning, based on AIRMATIC DC
- * Multi-disc rear locking differential with 40% locking effect, providing more traction when accelerating out of corners
- * AMG ergonomic sports steering wheel in leather/black Alcantara with silver-coloured aluminium shift paddles
