## Goodwood Breakfast Club - Dates for 2007

**We attended a [Breakfast Club meeting last year](#) and we liked it a lot. In 2007 Goodwood are putting on an even better series of events for those looking for an early Sunday morning drive in the country**

For 2007, the monthly Breakfast Club meetings will be enhanced with new set of themes, as detailed below, plus other initiatives designed to appeal to the real motoring enthusiast. In addition to some great cars, motor cycles will also be encouraged to attend, with a dedicated motor bike day being held in July for the first time. Further enhancements will include marque specialists on hand, selling quality parts and accessories that reflect each monthly theme, as well as the opportunity to take a flight in the historic Goodwood Harvard aircraft.

The Breakfast Club offers the chance for enthusiasts to enjoy a fun Sunday morning drive on the exceptional roads that lead to Goodwood, admire some interesting vehicles, and savour a delicious and hearty home-reared Goodwood organic breakfast, served at the Vitra Café, based at the Motor Circuit's iconic Old Clock Tower

The first of the 2007 Goodwood Breakfast Club meetings will be held on Sunday 4th March. A selection of vehicles, appropriate to each monthly theme, will be parked outside the Vitra Café, with a wider variety of other 'interesting' vehicles displayed in the paddocks. Regular vehicles will be directed to the public car parking area. As with last year, admission to the Breakfast Club will be free, and all visitors are welcome.

Cars start to arrive early and the event runs to midday. It's thoroughly recommended and you can see the dates for the rest of the year below, as well as on the dedicated website
