

CLASSIC DRIVER

[Jan B. Luehn Trackday](#)

Top-class car dealer Jan B. Luehn has exclusively rented the fabulous Spa-Francorchamps race circuit for what he calls “a high-class trackday” on Wednesday 8th August.

The owners of both open- and closed-wheel cars, whether classic, race or sports cars, will have the chance to drive on this world-famous circuit, one of the most challenging in the world. Participants are promised a “completely free driving experience without any noise limitations from the morning until the evening” – a rare thing in our over-protected world.

The trackday, organised by [Jan B. Luehn](http://www.janluehn.com) in cooperation with the Belgian race promotor Patrick Gassmann, will accept only a limited number of cars to ensure a good atmosphere and plenty of space.

The organisers are hoping to see a huge range of cars – from pre-War Bentleys to Le Mans Porsches and even Formula 1 cars – and owners are encouraged to apply before 25th July. Hospitality throughout the event is included in the price. For details, see www.janluehn.com.

Incidentally, anyone who buys or consigns a car through [Jan B. Luehn](http://www.janluehn.com) before 8th August will be offered a free place on the trackday.
