

# CLASSIC DRIVER

## Jan B. Luehn Trackday

05 July 2007 | Classic Driver

**Top-class car dealer Jan B. Luehn has exclusively rented the fabulous Spa-Francorchamps race circuit for what he calls “a high-class trackday” on Wednesday 8th August.**

The owners of both open- and closed-wheel cars, whether classic, race or sports cars, will have the chance to drive on this world-famous circuit, one of the most challenging in the world. Participants are promised a “completely free driving experience without any noise limitations from the morning until the evening” - a rare thing in our over-protected world.

The trackday, organised by [Jan B. Luehn](#) in cooperation with the Belgian race promotor Patrick Gassmann, will accept only a limited number of cars to ensure a good atmosphere and plenty of space.

The organisers are hoping to see a huge range of cars – from pre-War Bentleys to Le Mans Porsches and even Formula 1 cars – and owners are encouraged to apply before 25th July. Hospitality throughout the event is included in the price. For details, see [www.janluehn.com](http://www.janluehn.com).

Incidentally, anyone who buys or consigns a car through [Jan B. Luehn](#) before 8th August will be offered a free place on the trackday.
