
Impressioni di Bugatti Classiche Calendario 2008

14 November 2007 | Classic Driver

The Impressioni di Bugatti Classiche 2008 Calendar takes you on a journey to an era when the fiery passion of an ingenious engineer and the courage of gentlemen drivers resulted in numerous victories. The photographer Alexander Kuhlmann captures the atmosphere surrounding these icons of automotive history with an affectionate attention to detail; he presents impressions of the storming race cars which Ettore Bugatti created with his groundbreaking skill to give outstanding performance.

The craftsmanship of this limited edition photo art calendar is exceptional. Four specially manufactured Bugatti Type 35 butterfly screws attach the calendar to a wooden board, reflecting the handmade approach to building Bugatti cars themselves.

The individual pages can be permanently enjoyed by using the mount which comes with the calendar, to cover the lettering of the month and days. The Calendar Impressioni di Bugatti Classiche is produced with the support of the Bugatti Club Italia.
