Vertu Constellation Monogram

Vertu celebrates its 'Decade of Achievement' in 2008. In recognition of this, the company has announced a series of special editions, starting with the Vertu Constellation Monogram.

Frank Nuovo, Principal Designer for Vertu and creator of the Vertu 'V', has developed this logo further, into a monogram pattern that features on the hand-moulded, fine-grain leather back plate. Five versions will be available: Pewter, Green, Red, Sky Blue or Cerise.

Like all Vertu phones, the Constellation (the company's most popular model) is assembled by hand at the company's headquarters in England. The Constellation also features the famous 'Concierge' button on its side, so one call to the team of skilled advisers should lead to that hard-to-get dinner reservation or theatre ticket.

For further information, see www.vertu.com.
