
Monterey and Pebble Beach 2008

01 August 2008 | Classic Driver

It's that time of the year: when the attention of the world's collecting, showing and racing elite focuses on the exclusive Monterey Peninsula.

This year's Monterey and Pebble Beach week will be scrutinised as no other. Forever the occasion when high-rolling collectors meet to race the most desirable rarities at **Laguna Seca**, or vie for **Best in Show** honours on the famed 18th fairway at **Pebble Beach Golf Links**, particular attention will this year be paid to the success (or otherwise) of the auction arena.

We've had some startling results so far this year (**Bonhams'** £1m **Aston Martin DB4GT** and **RM's** wallet-wilting \$US10.9m **Ferrari 250 GT SWB Spyder California**) but, with several hundred extremely expensive cars to sell - in a difficult economic climate, this will truly be 'the big one'.

Away from the salerooms, there's an awful lot going on. From racing at the **Rolex Monterey Historics**, to the recently relocated **Concorso Italiano**, **The Quail: A Motorsport Gathering**, the

Carmel-by-the-Sea Concours on the Avenue and the grand finale on Sunday at **Pebble Beach**, it's a merry-go-round of activity.

We will be reporting on all the events in the weeks to come, as well as bringing you auction results as soon as they are published.

And your Editor will be in Monterey this year; so, if you see a slightly bemused Englishman mid-party, do say 'hello'.

THE SCHEDULE -

Carmel-by-the-Sea Concours on the Avenue

Monday 11th - Tuesday 12th August

The week's newest must-do, smartly named **Carmel-by-the-Sea Concours on the Avenue** by husband-&-wife Atlanta-based founder/organisers **Doug** and **Genie Freedman**, premiered last year on the village streets of this oceanside jewel of American Pacific coast resorts.

Monday August 11th is exclusively for **Porsches** and **Ferraris** through 1973, with Tuesday August 12th featuring **Multi Marques** produced from **1946** through **1971**.

Pebble Beach Tour d'Elegance presented by Rolex

Thursday 14th August

□

Initiated to showcase the elegance of the automobile in motion, the Tour also underscores the early history of Pebble Beach. Decades before golf links were laid out along the edge of the Pacific Ocean, this area was known for its scenic drive, winding for miles through pine and cypress forest, and ultimately to a beautiful crescent-shaped bay.

The Tour traces portions of the original '17-Mile Drive', traverses nearby mountains and valleys, dips down famed Highway One and pauses for a time in Carmel-by-the-Sea. The Tour is open to all entrants in the **Pebble Beach Concours d'Elegance**. And spectators are invited to view the Tour at key points along the route.

It is important to note that the Tour and the Concours are directly linked. If two cars tie in class competition at the Concours, the car that has successfully completed the Tour gets the nod.
