## Cholmondeley Pageant of Power 2010

**This year's motorsport festival at Cholmondeley Castle in Cheshire will be held over the weekend of 17-18 July, offering its usual celebration of speed and daring on the track, on water and in the air.**

On the track, current and historic racing machinery, both four-wheeled and two-wheeled, will compete on the **Cholmondeley Circuit**. Expect to see **Le Mans** and **Grand Prix** cars, along with aero-engined fire-spitters and classic rally cars. Meanwhile, we're promised motorbikes with a strong **TT** pedigree plus production superbikes.

On the water, powerboats will include the powerful **Formula 2** and **4** classes, together with **400cc ISO Seniors** and **Thundercats**.

And in the air, an array of helicopters will be joined by the **Breitling** display team and other aerobatic exhibitions.

As in previous years, there will be a **Fireworks Concert** and **Military Tattoo** on the Saturday evening. Other attractions include a **concours d'élégance**, **car club enclosure**, **off-roading**, children's activities, bars and a burgeoning shopping village.

See [www.cpop.co.uk](http://www.cpop.co.uk) for more details and discounted tickets.
