Hackett & Globe-Trotter: Handcrafted Luggage

If you're seeking a set of luggage for your next trip abroad, you might want to look at the products of a partnership between two iconic British brands. Menswear label Hackett has collaborated with Globe-Trotter, creator of handcrafted luggage, to launch a range for Autumn/Winter 2010.

The **Mayfair** range, in black, is lined with a **Prince of Wales** check and the iconic logo of bowler hat and crossed umbrellas features in light grey on the exterior. Meanwhile, **Hackett's** sponsorship of **Aston Martin Racing** has inspired another of the cases – which comes in **British Racing Green**, lined with a bold **Union Flag** print.

The range is completed by **Hackett London**: a navy case lined with a blue-and-white **Bengal** stripe. Each case is formed, riveted, lined and leather-trimmed by hand. The **Globe-Trotter for Hackett** collection is available in two sizes – a **21in trolley case at £750**, and an **18in attaché case priced at £490**.
