The Bailey Lawyers' Case From Tanner Krolle

Luxury luggage-maker Tanner Krolle has revisited its 1940s archive to produce a strictly limited edition re-run of a design classic: the bridle leather 'Lawyers' Case'.

Potential customers will have to hurry along to the Mayfair company's new **Private Service Suite** at 43 Berkeley Square W1J 5AP, as the exquisitely finished case is limited to just 10 examples, some of which have already been sold.

Two whole 'Grade A' shoulder-hides are required for each case. The hide is organically tanned in the bark, leaves and nuts of the oak tree to produce the characteristic **Blonde** colour, and every handle requires 15 layers of handstitching. Like most of the 154-year-old company's wonderful luggage, each **Lawyers' Case** is hand-moulded and bowed around a steel frame.

Customers can choose either combination lock in **satin brass** hardware, or a key lock in **palladium**. The case is lined with **Peau d'ange** - a **Tanner Krolle**, lightweight and washable **Alcantara** lining - and priced at £2500.00.

For further details, see www.tannerkrolle.com.
