VistaJet Teams Up with Harvey Nichols

Travellers on VistaJet's Bombardier aircraft will be able to enjoy exclusive products from Harvey Nichols, thanks to an agreement between the luxury private aviation service provider and the renowned Knightsbridge-based retailer.

From gourmet and luxury food products, savoury snacks, chocolate and confectionery, to tableware, silverware and soft furnishings, the partnership is the latest component of VistaJet's revitalised cabin offering.

Nina Flohr, daughter of VistaJet chairman and founder Thomas Flohr, says, "Our ethos is that VistaJet is not just a product but a lifestyle, and the level of service we offer to our customers must reflect all areas of their lives."

"We already offer our customers the highest standards of service in the skies," added Thomas Flohr, "and our array of additions to the cabin, including the association with Harvey Nichols, will only enhance this well-deserved reputation."

VistaJet operates more than 30 Bombardier aircraft, ranging from the Learjet, Challenger through to the Global Express XRS. Customers who fly with VistaJet can choose from two flight solutions – PROGRAM or On-Demand.
