Ferrari FF: New Pictures

07 February 2011 | Classic Driver

Such has been the interest in Ferrari's new, all-wheel-drive FF that the Maranello company has released more photographs of the car prior to its Geneva Show launch.

The latest photography shows the car in its element - in action on snow - and are similar to the content of the two videos [also released by Ferrari](#).

You can read the full news story on the Ferrari FF [elsewhere on Classic Driver](#).
