Ferrari P4/5 Competizione: the Next Chapter

U.S. collector James Glickenhaus is hoping to take his current, custom project, the Ferrari P4/5 Competizione, racing this summer - in no less an event than the Nürburgring 24 Hours. A new video looks behind the scenes.

Back in 2005, American collector James Glickenhaus commissioned Pininfarina to make a very special, one-off Ferrari, based on the Enzo but inspired by the legendary Ferrari 330 P3/4 of 1967. As many readers will recall, the Ferrari P4/5 by Pininfarina was shown to the public at the 2006 Pebble Beach concours. Developing a racing version for the Nürburgring 24 Hours is the next step in the story.
