[Range Rover Evoque: UK Pricing Announced](#)

Land Rover has announced that the new Range Rover Evoque, available in both 5-door and coupé forms when it goes on sale in September, will be priced from £27,955 for the entry-level 2WD model, through to £44,320 for the top-of-the-range Si4 6 Speed automatic Dynamic coupé with LUX pack.

Between these two extremes is a wide spectrum to select from, with a choice of three engines, the two body styles, three design themes and – of course – a wealth of options and accessories. These latter include 12 exterior colours, three contrasting roof treatments, seven alloy wheel designs, 16 contrasting interiors and a full-sized, fixed, panoramic glass roof.

Meanwhile, the range-topping 240PS 2.0-litre Si4 petrol engine combines direct fuel injection with turbocharging and twin variable valve timing, to give 0-60mph in as little as 7.1 seconds. When fitted with the £4325 LUX Pack, it can boast a powered tailgate and panoramic glass roof with power blinds, an 8-inch high-resolution, dual-view touch-screen display, analogue/digital television, surround camera system with tow assist, blind spot monitoring and keyless entry among its many luxurious goodies.

To help with all the decisions when spec'ing your new Evoque, Range Rover has created an online configurator – see www.landrover.com/gb/en/rr/range-rover-evoque/build.
