Film: White Knuckle - The Motorcycle Cannonball Run

Lead

We're familiar with the Cannonball Run – but why should the fun be restricted to four-wheeled transport? In short, it's not; classic motorcyclists hold their very own event every September. This film follows a clutch of riders on pre-1916 machines, along their epic 3325-mile coast-to-coast voyage.

Brian Darwas's film "White Knuckle: The Story of the Motorcycle Cannonball" will be available on DVD from 25 June.
